

DEPARTMENT OF THE AIR FORCE
WASHINGTON DC

Office Of The Assistant Secretary

MEMORANDUM FOR ALMAJCOM/FOA/DRU/CV
DISTRIBUTION C

15 Apr 2005

FROM: SAF/AQX
1060 Air Force Pentagon
Washington, DC 20330-1060

SUBJECT: Training Requirements for 61SX, 62EX, and 63AX Accessions and Cross-Trainees

This memo replaces same subject memo dated 12 Jan 2005. IAW AFI 36-2201 Volume 2, paragraph 1.3.3, all 61S1(A, C, D, and E), 62E1(all specialties), and 63A1 officers must complete the Air Force Fundamentals of Acquisition Management (AFFAM) Course.

Beginning 6 June, AFFAM becomes a 3-week course with the Defense Acquisition University's (DAU) ACQ 101 curriculum embedded. AFPC/DPPAO will schedule new accession attendance within 3-4 weeks of entering active duty. Plans are underway to eliminate this wait time. Non-acquisition cross flows will also attend AFFAM as soon as practicable, scheduled by AFPC/DPASA.

AFMAN 36-2105, paragraph 3.3 of attachments 41, 42, and 43, will be updated to reflect this training requirement.

In extraordinary cases situations may arise that require an officer be rescheduled for AFFAM training. Under such circumstances a written letter of request, signed by a Wing CC must be sent to AFPC/DPPAO.

We encourage the widest dissemination of this information to the Air Force acquisition workforce. MAJCOM/Center training and APDP managers should address questions regarding this policy to SAF/AQXD, Maj Michelle Trigg, DSN 425-7272.

JAMES B. ENGLE
Deputy Assistant Secretary
(Science, Technology and Engineering)
Assistant Secretary (Acquisition)

BLAISE J. DURANTE
Deputy Assistant Secretary
(Acquisition Integration)
Assistant Secretary (Acquisition)
